FIFA is a video game franchise that is best described as football. The FIFA series of video games is the biggest and most popular worldwide, with more than 250 million registered players across platforms. What is FIFA Ultimate Team? FUT is the revolutionary, online only, massively multiplayer mode within FIFA. It has also been the biggest selling feature for FIFA ever since its introduction in the critically acclaimed FIFA 09. Playing as a FUT team gives you access to more than 90 legendary players from the footballing world, including Ronaldo, Messi, Maradona, George Best, Garrincha, Pele, Cruyff and a host of other stars. What is FIFA Ultimate Transfer Market? The transfer market offers the chance to buy and sell players as part of your FUT team. The transfer market is totally integrated with FIFA Ultimate Team, with your transfer strategy altering the trade value of your players based on their performance in-game. This revolutionary system will adapt for each player as your strategies change. The market is completely online only, with single player online matches, allowing you to take your strategy to another level and meet new players in the transfer market. What is FIFA Ultimate Surprises? The Ultimate Surprises feature within FIFA opens up an entire new world of fantasy based, online only, multiplayer content. With 16 new teams, including teams from 16-person squads to giant football teams, Ultimate Surprises offers an explosive new way to play with your friends or against your friends online. What are MyClub? MyClub is the newest addition to FIFA in FIFA 22. It puts players in control of their very own club by offering a host of community focused and customisable features. MyClub allows you to create your own teams, manage your club's finances and build a world class squad all from the comfort of your sofa. What are FIFA Skills? With the introduction of the concept of FUT gameplay and Ultimate Surprises, we're also introducing a whole new way to play with FIFA Skills. Now the ability to perform one-of-a-kind Movements, Dribbles and Skills can be utilised for additional customisable experiences. The full freedom to create your own moves, dribbles and Skills has been given to players all over the world. How do I...? Our new way of navigating FUT is a simple step based approach to introducing new ideas and concepts bc9d6d6daa

## **What's new in Fifa 22:**

- **FIFA 22 introduces “Hyper Motion Technology,” which uses motion capture data from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power gameplay.**
- **Improved FIFA Player Intelligence, with users now getting feedback when they receive the ball to remind them not to pass it sideways, out of bounds etc. • Players are now allowed to go down to win the ball with an “Impediment” reaction, meaning players can crowd and win the ball back in their preferred area using a positioning animation and a blocking animation when dispossessed.**
- **New in FIFA 22 is Focus and Pass Grafics System, which show off players’ hyper-agility, playmaking capabilities and accuracy with the ball. Pass Grafics Mode is enhanced with new logic that determines how well a player is performing on a team, allowing coaches to personalise player graphics. FIFA 20 players with mega Agilities, Pass Grafics setting turned all the way up can enjoy the best graphics.**
- **New corner kicks that feature evasive players and more dynamic techniques.**
- **New 3D stadiums with dynamic pitches.**
- **Transfer spending is impacted by Coaches' attributes.**
- **New Goalkeeper traits.**
- **New Buy-In Packs.**
