The new technology lets players train and compete with different, completely lifelike players using both head and body movements to drive the action on the pitch in all game modes - from the simple, 11 vs 11, High Pressure, Overtime and Promotion Playoff matches, to the Elite Clubs mode, the Champions League and the FIFA World Cup.

More details The Elite Clubs and Pro Clubs modes in FIFA 22 are authentic, complete and close to real-life with 50 games, 50 formations and 25 pitches, each with a unique look and feel. The Champions League returns, with

---

authentic European club teams in the UEFA Champions League, UEFA Europa League and the FFP knock-out stages. The EA SPORTS FIFA World Cup™ returns in FIFA 22 and features a host of new innovations to add to the excitement of this iconic tournament, from the latest commentary to the FIFA World Cup Trophy which is now available for you to earn. The FIFA World Cup will run from 28 May 2018 to 15 July 2018, with the knockout stage starting on 11 June. This year's FIFA World Cup is being held in Russia, where two cities have received the official FIFA World Cup 2018™ branding, namely Yekaterinburg and Kaliningrad. Russia will be the host nation, and four top-class teams will make up the 32-man squad. The current world champions are France, and they will be looking to defend their title. The tournament will be split into two stages – a knockout phase, followed by the final in July. A host of new stadiums have been

---

added this year, including the incredible new San Siro stadium in Milan; the Stade de France in Paris, and the Nouveau Stade de France in Saint-Denis. The Road to the FIFA World Cup 2018 tournament begins as the 32-team World Cup qualifying phase gets underway on 1 September 2018, with a FIFA Fan Fest featuring host broadcaster RTBF and FIFA. Also new this year is the FIFA Fan Fest, a free-to-play live event at FIFA Fan Fest 2018 in Paris. The Fifa Fan Fest will allow fans the opportunity to experience the excitement of the World Cup™ in just one day, starting with an online demonstration broadcast on 1 September 2018, and a live, stand-alone event at the Paris 2024 expo on 11 and 12 September 2018. A behind-the-scenes tour and behind-the-scenes experience with the players will also be available. Experience the

## Fifa 22 Features Key:

- Lifelike player creation -Create the player you've always wanted to play as and become one of the superstars of the pitch. From their appearance to how they control the ball - players have never looked or played like this before.
- Scorelines - Put your managers skills to the test with each line-up simulation, run through every 2v2 match and find out who takes home the cup. Create your perfect team and win trophies!
- Bigger stadiums and more live services than ever before - Join global football's biggest stars as you travel around the world and recreate the atmosphere of the world's greatest clubs and stadiums.
- Improved 3D Player Impact Engine - Pump the balls into the back of the net, kick, trap and head The ball off the opponents hands faster, more accurately and with more style. Move freely to create scoring and defensive moments.
- New hybrid Dribbling System -A new dribble not only takes more out of your player's legs, but delivers more variety in your playstyle. No longer does one player hold up the ball while the others make runs in behind. Players have more options now to decide when, how and where to dribble the ball.
- Assists -Find the right player in the perfect team with the new Assist button. Take a pass, head the ball out of defence, receive a ball in space, and pick up a chance with a pass and a shot; it's a golden time for your player to shine.
- New Skills Shot System -A stronger skillshot combined with a physics based shot timer that makes passing and shooting skills more accurate.
- Set Pieces - Win free kicks with deadly accuracy and distance, apply the new penalty area anticipation rule, and leap for the ball with DSS.
- Overpasses - Press the new button to push your enemy taker away, then build up to the right touch to place a pass away on to a teammate
- Change of Pace -Utilise your footwork to change the pace of the match, even in tight spaces and close to goal. Pass, run, or slide step, the choice is yours.
- Smarter Player AI -Let your players learn on the fly with FUT\* learned

FIFA is the world's leading videogame franchise featuring the best players, clubs, teams, and officials. Each year EA SPORTS publishes the latest in the series as FIFA. Playing a variety of sports, modes, and

---

scenarios, FIFA allows fans to live vicariously as their favorite footballers. FIFA is one of the most recognized sports brands in the world. It is the original football videogame and has sold over 100 million copies in 55 countries. As football evolves and becomes more popular, FIFA also continues to grow and respond to audience needs. The popularity of FIFA has continued to grow outside of the markets where the official game is sold, becoming a global phenomenon. What sets FIFA apart? FIFA is built from the ground up with next-generation game technologies that deliver the most realistic, authentic, and engaging football experience ever made. Based on the feedback and input of millions of fans, it is designed to be the next generation of football and is fully integrated with leading sport technology and innovations such as the Frostbite Engine. Never before have we

---

seen such a high-definition level of realism in a videogame. With new fluid animations, ultra-detailed player models, and an on-the-pitch environment that depicts real-world stadium experiences, FIFA delivers the most refined football experience to date. With more than 3,000 custom animations, over 250 team crests and logos, intelligent crowd members, stadia, and stadium plays, the game truly captures the vibrancy of the sport. Console-quality gameplay and physics. An incredible number of interactions and real-world goals in every scenario. Adaptive AI that learns and evolves based on your game play style. New defensive moves are designed by expert coaches to let you break lines in a manner that real-life coaches teach. Offside decisions are made by on-the-ball referees, and your touch on the ball will be more believable, as will be the ball travel. The

---

brand-new crowd erupts into an insane celebration when your team scores. Ball touch, goal kicks and even the formation of goalscoring moves are all part of the experience. It's all about authenticity. Winning on the field has never been more realistic. Every single element of the experience - from the hairstyles and eye and skin colors of the players to the physicality of the animations, every aspect of the graphics is designed to be the highest quality and level of detail you can find in bc9d6d6daa
