### **Played by almost 5 million people worldwide!**

Welcome to the world between the two gods. This is the world where strife appears on the horizon and the stars are stained with evil. From the realm of the burning winds, the evil spirit of the Tainted that has consumed the souls of mankind, appears to bring destruction to the Lands Between. Will you gather the power of honor and faith and defeat the Tainted?

Choose from one of over 300 playable characters with a variety of skills. Experience the battle of your life as you travel the Lands Between, the world where two gods dwell. In a struggle between the positive and negative forces, you must destroy an evil spirit, acquiring an Elden Ring in the process!

### **Collect items such as items and heirlooms**

The Lands Between has a wide variety of items and equipment that you can collect and use to fulfill many needs. In your quest, you will encounter items that are of use in daily life or prove formidable during battle. For example, you can equip equipment and yourself with the appropriate items to explore your new abilities.

### **Expand your abilities and develop your character**

Powerful abilities allow you to utilize a variety of advantages and flexible characters in battle.

### **Singular story that resonates with the hearts and minds of many**

The Lands Between has the potential to be the stage of a war between the various races. A war that will shine forth over the Lands Between through the adventure of the characters you build and the battles you help to wage. The Lands Between reflects the complex conditions of the world between the two gods and presents those conditions in an unrelentingly beautiful tale.

**Is this beta accurate? If it is, is there a solid release date for the S3/4 U? I want to play Tarnished and it looks awesome so far but I've been waiting and waiting because of indecision on whether or not it's worth playing without the S3/4 U for. Is this beta accurate? If it is, is there a solid release date for the S3/4 U? I want to play Tarnished and it looks awesome so far but I've been waiting and waiting because of indecision on whether or not it's worth playing without the S3/4 U for. No, the promo art I posted is just promotional art from Nadel. It isn't accurate for anything. The concept trailer isn't even from Nadel. It's based on the text of an Activision press release from last year. The concept trailer is concept material from Nadel. As far as the game, it's being described by the publisher as "Cabelas" "Darkest Dungeon" "Grand Theft Auto Online". Hey guys, for Tarnished, is there anyway to test the dynamics of a party with friends? I want to have some friends in my party and test out whether or not we can work together to victory when it comes to attacks!
