Contains 25 Reaxion-ready presets: If I download the newest SDK v2.4.1, will I have to download 2.4.1b again to install it onto my phone? is there a way to install an older SDK onto my phone, so I can get it to work? A: Just make sure you uncheck the box "Don't Install Update on app update" in the Developer Options within Android Studio. Once you've done that, you should be fine. Here's the setting: Android Studio -> Preferences -> Appearance & Behavior -> System Settings -> Android SDK -> Developer Options Experimental and theoretical investigations of hydrogen bromide isotopologues of cyclopropene. We report the experimental and theoretical study of the hydrogen bromide isotopologues of the cyclopropene isomer. The rotational spectra of H¹⁴CH₂C¹⁵H₂ and (13)CH₂CH₂C(15)H₂ were recorded in the region from 115 to 635 GHz. For all of the rotational transitions, the Wigner-Smith time-independent quantum scattering calculations were performed at the B3LYP/aug-cc-pVDZ level, and a good agreement between the measured and calculated rotational constants was obtained. The whole dipole moment surfaces of H(14)CH(2)C(15)H(
