Heterologous protein-protein interactions have long been recognized as a mechanism of protein localization, function and regulation, but data on two-hybrid experiments have been difficult to interpret because it is unclear whether the Y2H system is detecting stable interactions or transient complexes. A number of recent studies have pointed to the fact that protein-protein interactions in the Y2H system can be achieved using a broad range of fusion proteins, and that these interactions are not simply protein-protein interactions but can involve additional subunits of the protein complex, such as scaffolds. In Oregon, voters took steps toward recognizing same-sex marriages by passing a voter-approved measure to legalize gay marriage. Voters approved the measure in a tight race, leading by about 6,500 votes. Oregon's law will take effect on Oct. 1, when same-sex marriages are expected to be recognized. The polls closed Tuesday in Washington, just after midnight ET, and the Washington Occ13bf012

Keplsafepremium 2.0 is a file-caching application that uses clever techniques to speed up internet browsing, and adds tools to let you manage and organize your data. While most people consider Internet Explorer to be just the browser, it's actually a full-blown Internet information superhighway system, and it comes with all the component programs that comprise the Internet, including email. For example, you can use Internet Explorer to send and receive messages, surf the Web, manage online email accounts, access content from various sites and services on the Internet and manage your online security. See Keplsafepremium 2.0's features and download links below. Keplsafepremium 2.0 is a small program that helps you to keep Internet Favorites and bookmarks organized. Although most browsers include bookmark managers, Keplsafepremium 2.0 is a little more. Keplsafepremium 2.0 will do a better job of organically grouping your links according to what you're looking for, making it easier to find your favorites when you need them. Keplsafepremium 2.0 allows you to save web pages in a separate folder from the browser's bookmarks. Unfortunately, Keplsafepremium 2.0 doesn't work with Internet Explorer. However, users of other browsers, including Firefox and Chrome, can use it. Keplsafepremium 2.0 also supports Google Chrome. To take advantage of Keplsafepremium 2.0, open it and select Keplsafepremium 2.0 Add. Keplsafepremium 2.0 has the following features: Use Keplsafepremium 2.0 to collect web pages that interest you, and organize them into virtual folders on your computer.
