**Q&A with Maebelle Question: Maebelle, your band falls in a niche between shoegaze/psychedelic rock acts and lo-fi American dream pop bands. I think the EPs you released on Volcom might be a good entry point for someone not familiar with your work. We all have curious and misplaced heroes of sorts. I look back at the '90s and will always be sad to see us go. I'd love to see us rekindle some of those connections while wondering if the heroes are still amongst us. Truly wonderful weirdness is so abundant. And you're right, Volcom is an entry point. There are some interesting bits, I think you'll find. — Maebelle Bob: For those of us who enjoyed the psychedelic sounds of the '70s but were then consigned to the realm of that period by a cranky older generation who thought the music was just too weird, Maebelle is like a beacon of promise. The band's subtle wit and sophisticated pop production isn't held back by styling oneself as psychedelic or kitsch. In this day and age, that's a main reason I love you guys. Let's stop being the ones who get inside to see how things actually were for our ancestors and instead help turn back the hand of barbarism that's been doing that job for nearly four centuries now. Maebelle (orig. Moon Bottle Cove) is the creation of singer/songwriter/guitarist Maureen Trystan (also of the comics Dos Floridas and Maybe I'll Catch a Tiger Now). She writes about love and loss and wandering (as in the song "What's Past Is Past," a feature on the upcoming Volcom compilation And Then There Was Snow) and the struggles of a young woman with a grandfather who is dying. Yet there's a reverence to these feelings. Maebelle is thoughtful and introspective. Previous incarnations of the band include one with a different style. When the group changed its name from MaraNatha or Moon Bottle Cove, some audience members asked Maebelle what the actual title was. "Just call me Maebelle," she told them, "It made her a little bit more personable." The name is a bit of a front-**
