- Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. - Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. - For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. - Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had over 164 million monthly active users, including more than half of all American children under 16. Although Roblox has received generally positive reviews from critics, it has faced criticism for its moderation, microtransactions, and exploitative practices directed toward children. Responses of the goldfish hypothalamo-pituitary-adrenal axis to stressors. This paper reviews some of the more recent findings from our laboratory on the effect of stressors (including food deprivation, foraging, and water and air shock) on the hypothalamo-pituitary-adrenal (HPA) axis of goldfish. The acute stress response in goldfish is well characterized and includes increases in plasma corticosterone, epinephrine and norepinephrine within a few minutes following the onset of the stressor. Much of this response can be attributed to the release of corticotropin-releasing factor (CRF) from the hypothalamus, although extrahypothalamic sites of CRF release also have been described. After a transient increase, plasma corticosterone levels return to basal levels over a period of several hours, and water-borne stressors do not affect this pattern. Food deprivation elicits both an immediate increase in plasma corticosterone and a long-lasting increase in plasma corticosterone, and the mechanism of this latter increase is unknown. Food deprivation also increases central CRF mRNA, but the 804945ef61
