Surgical treatment of acute mesenteric ischemia in a pregnant patient. The diagnosis of acute mesenteric ischemia (AMI) is sometimes difficult in pregnant women because of their abdominal discomfort and nonspecific clinical findings.

The purpose of this article is to report a case of AMI in a pregnant woman successfully managed by revascularization and maternal-fetal treatment. A 29-year-old pregnant woman, 33 weeks of gestation, was admitted with severe abdominal discomfort and acute abdomen. This was associated with upper gastrointestinal bleeding and disseminated intravascular coagulopathy. Computed tomography showed severe mesenteric ischemia. The patient was managed with an axillobifemoral bypass, total gastrectomy, and selective mesenteric revascularization. The patient and the fetus recovered well, and the patient was discharged at 14 days. AMI in pregnancy is a serious disease, but early diagnosis, treatment, and multidisciplinary approach can decrease the maternal and fetal risk of this disease.

The Situationers Band The Situationers Band was a short-lived American rock group from Long Beach, California, that played rockabilly in the early 1960s. The Situationers Band recorded two singles in late 1960 for the New York label Race Records, released in July 1961,
