And where did you find in your topic that this no longer works? You  
wrote that everything works for you! So I decided to help you,  
because I myself have such a problem. 2. I do not know if this error  
works, but to fix it, I recommend using a service from Microsoft.  
"System File Checker" (SFC.exe). Open a command prompt by  
running this command: "type sfc.exe -scannow".
